## Features

-  Provides the option for permanent installation, offering a stable and long-lasting cable management solution when needed.
-  Interlocking modular design allows for seamless extension, enabling you to customize the length according to your needs.
-  Made from rugged rubber, the cable protector is built to withstand heavy foot traffic, vehicle loads, and harsh weather conditions.
-  The simple clip lid securely fastens the cables inside, preventing accidental tripping and protecting the cables from damage.
-  Available in 1, 2, 3 or 5 channel protection, allowing you to choose the right size for your specific cable management needs.
-  Bright yellow lid ensures high visibility, reducing the risk of tripping accidents and enhancing safety in various environments.
